

2023 Alpine Adventures European Adventure

St. Moritz, Switzerland - March 3 - 11 Lisbon, Porto & More! - March 11 - 18, 23, or 27

Join Alpine Adventures for a week of fantastic skiing in the exciting Swiss Alps. You'll find a totally new downhill experience on 270 miles of trails and slopes in the beautiful Engadin valley, Switzerland's largest ski region. Experts will find a vast area of exciting on and off piste terrain while intermediates and novices will enjoy a wonderful mix of slopes and beautiful scenery. The town of St. Moritz is a luxury alpine resort town and is famous around the world for its shopping, elegance and lavish culture where Europe's rich and famous visit often.

While the Alps are famous for some of the best advanced and expert skiing in the world, they also stand out for the best skiing for novice, intermediate, and advanced skiers wanting resorts where the blue, and red slopes are fun, long, and perfectly groomed. Every skier will appreciate the modern (and ultra modern!) lifts.

St. Moritz is an especially fine area for the conservative person new to skiing the Alps. It lets you explore and enjoy all the scenic beauty of the "big tall pointy mountains" so typical of the Alps, while actually skiing on beautifully groomed runs that travel through (and not down) those same "big tall pointy mountains". Experts will of course enjoy skiing down those "big tall pointy mountains"!

It's not all about the skiing! The region offers miles of cross-country skiing trails, ski touring and winter hiking. In addition, you'll find ice-skating, sleigh rides, and sledding trails, or relax with a wonderful afternoon spa. In town you can enjoy shopping for everything from handmade lederhosen (just what you were looking for!) to regional specialties, and of course, chocolates!

The Hauser hotel in St. Moritz offers you warm hospitality and Swiss comfort. The location in the center of town allows us to experience the culture and nightlife of St. Moritz with easy access to the slopes. It is a modern yet cozy hotel with its own pastry shop, restaurant, sun terrace, and open-air bar.

This fabulous trip is designed for all levels of skiers, novice to expert. Whatever your pleasure; fun cruisers, challenging blacks and off-piste adventure, St. Moritz has it all!

Portugal!

After a week of sensational skiing, you can head home to tell stories of your fantastic adventure, or continue the adventure with our optional post-trip to explore the fascinating cities of Lisbon, Lagos, and Porto!

Alpine Adventures ❄️ Winterset

3717 Mendez Way, Sacramento, CA 95821

Phone: 916 737-7669 (737 SNOW)
